### Bag 'Em Baits Super Skimmer Dark Groundbait

CLEAR water winter fishing requires a dark groundbait, and this very fine offering from Bag 'Em Baits looks just the ticket.

Developed by their top line anglers, including Neil Machin, it's a super sweet mix with a touch of fishmeal.

Bream, skimmers and roach - in fact any silver species - should find this irresistible.

At £3.49 for a 900 gr bag this groundbait is well worth the money for that extra edge at this time of year. Visit [www.bagem.co.uk](http://www.bagem.co.uk)
